

June 29, 2006

Hi everyone,

I am sending this e-mail to everyone on my address book, we may not currently be in touch but I am sure that at one time knowing you made a difference in my life.

We receive e-mail every day promising us wonderful things will happen if we hit forward and send the e-mail to at least 10 people. Well, I can not promise wonderful things will happen for you right away but if you are like me and believe what goes around comes around, then your life will also be blessed if you follow through with this e-mail.

There is a place that really does make a difference in many lives. Winslow Therapeutic Riding Center, a non-profit organization which is located in Warwick, NY, has been helping children and adults since 1974. Please visit the web site at: www.winslow.org to learn more about this amazing organization.

Winslow is currently going through a financial crisis and needs our help. The cost of the mortgage, feeding and care for the horses is more than they can handle. There are many dedicated people who volunteer, donate and run charity functions to help support this incredible place. They really need our help right now.

If each of us wrote a check for \$10, sent it to Winslow (a tax deduction so you may want to give more) and then forwarded this e-mail to everyone who has made a difference in your life, we may be able to save a place that touches the lives of many children and adults each year.

If it is within your means and heart please send the check to:

Winslow Therapeutic Riding Center
328 Rt 17A
Warwick, NY 10990

Please write "Make a difference" in the subject line of the check so we can see if the e-mail has helped.

I would never ask for myself, but somehow asking for Winslow isn't hard. I was amazed to watch a precious child receive therapy on horse back while laughing and gaining strength at the same time.

Please help if you can. I am writing my check today.

Thank you

Adele
