

“Pathway of Hopes”-Building Campaign is on its Way at Winslow Therapeutic Center

Warwick, NY- Winslow Therapeutic Center “Healing With Horses” will begin building their “Pathway of Hopes” this Spring. The Pathway offers many ways to invest in the future of the riders at Winslow Therapeutic Center. Every donor to the Pathway of Hopes-Building campaign will be given recognition (unless the gift is anonymous). Dedication Bricks and Stones also provide a permanent tribute for a loved one, a beloved horse, ourselves, our families, our business, a volunteer or organization that has made a special impact on our lives, or a special saying or quote.

Purchasing a stone along our Pathway of Hopes is a memorable way to contribute to our rider’s future. Your tax deductible donation will help insure ensure that more children and adults with disabilities will have the opportunity to benefit from Therapeutic Riding.

The Pathways will be set in various areas on the property. Our garden path will be a place for disabled riders, friends and families to enjoy the garden of five senses. This pathway is made of stone, which is symbolic of longevity. Your help will give these handicapped individuals an opportunity to grow.

At Winslow, we are very happy to reflect on the past 32 years, but are even more thrilled as we look forward to the new dreams and goals that are set before us. We hope that you will join us on the Pathway of Hopes Building Campaign.

Available stones include: Key Stone, Stepping Stone, Horse Head Trail Markers, or a Brick Paver.

Please call (845) 986-6686 for more information, or visit www.winslow.org or www.bricksrus.com/order/winslow
