

Winslow Therapeutic Riding Center is a 501(c)(3) nonprofit, formed in 1974 to promote equine-assisted activities and therapies to individuals with physical, cognitive, and emotional challenges. In 2014, Winslow gained new strength through a merger with the Community Living Corporation Foundation. This merger has enhanced the services Winslow is currently providing and also allows us to offer new services as we continue to grow. Our mission is to help even more children and adults find strength and independence through the power of the horse in therapy and education. In addition, our center offers farm experiences, full day programs for children and adults, and PATH Int'l. instructor training course.

Each month we have over 1,000 clients and visitors from our local area, Rockland county, Westchester, New Jersey, and New York City. Not only do we provide riding lessons, we also host a number of events each year right at our facility such as our annual Gala, Halloween Spooktacular, Christmas photos with our horses. This advertising will give your business additional exposure on a 4' x 3' billboard in our riding arena. The annual cost is \$500 per billboard plus a one-time production fee of \$125.
